VIN:			
Mileage:	27 661 km		
Date:	15/04/2026, 16.29		
Car brand:	MINI		
Car series:	Countryman	19	8 (42%)
Car model:	Countryman U25	Checked Systems	Systems with issues
Build year:	2024		
Fuel type:	Electric		
Report ID:	69dfa0db926d4a4bc3d70c52		
Adapter ID:	RED--CCEE36		

Digital

The OBD diagnosis enables the reading of error codes and operational data from the vehicle's control units. This technology supports the identification of potential issues and irregularities. However, it should be noted that not all errors or issues in all control units can be fully detected through OBD diagnostics. Carly Solutions GmbH & Co KG and TÜV NORD Mobilität GmbH assume no liability for undetected errors that are beyond the scope of this diagnostic technology.

Systems with issues

Total: 8

Next Big Thing NBT

Fault Code	Status*	Mileage*	Fault Text
031790	Active	-	Head unit: Functional limitation connection setup / pairing Bluetooth
031791	Active	-	Head unit: Functional limitation of Bluetooth connection

HIFI amplifier

Fault Code	Status*	Mileage*	Fault Text
B7F500	Active	26 950 km	Microphone: Microphone driver not calibrated

Dynamic stability control

Fault Code	Status*	Mileage*	Fault Text
------------	---------	----------	------------

The information marked with (*) is optional and not available for every fault code. Some technical terms are shown in English because they come directly from the vehicle or manufacturer systems.
